

Name: Virtual Reality Center Policy

Approved: October 22, 2018 by Franklin Public Library Board of Trustees; revised November 22, 2021

Policy:

Franklin Public Library (FPL) strives to offer new and emerging technologies. Virtual Reality (VR) is one such technology. VR uses a computer, headset, and sensors to immerse the user into a three-dimensional, computer-generated world. Head, hands, and body movements are tracked to let the user interact with what is seen via the headset.

Use of VR may cause one to lose all real world sense of hearing and sight. Due to unpredictable nature of the human response to VR (nausea, loss of balance, fear of heights, bumping into objects, sickness, dizziness, and any other side effects that may occur), FPL will require all eligible participants to complete and return the appropriate Agreement and Waiver/Release of Liability form attached to this policy.

All patrons wishing to use the VR Center must be at least 12 years of age, have attended a FPL VR Center training session, have a library card in good standing from a public library within the Milwaukee County Federated Library System, and an Agreement and Waiver/Release of Liability form signed in the presence of a Librarian (and in the case of a minor signed by the parent/legal guardian). Minors between the ages of 12-14 must be accompanied by a parent or legal guardian while using the VR Center.
